Seniors Self-Contained Apartments and Seniors Lodge Confidential Medical Report

Dear Physician,

As part of the application and admission process for The Evergreens Foundation, a prospective resident is required to provide us with a current medical report.

The medical information requested in this form is needed to determine the independence and eligibility of the applicant to live in one of our seniors' facilities. This could be one of our seniors' self-contained apartments or one of our lodges. This information is confidential and is privy only to the Screening Committee members, including the manager of the site.

Please complete the questionnaire in full with all the pertinent information concerning the client. Please be aware that most of our sites have no assistance from Medical Personnel, other than Home Care.

Thank you in advance for completing the medical questionnaire in its entirety. If you have any questions regarding the information contained in the medical section of our application, please feel free to contact the appropriate manager listed on the previous page.

Note: Your patient will be responsible for any costs associated with this medical report

Respectfully,
